

# SEQUENCE ANALYSIS FOR SOCIAL SCIENCE

A PDHP workshop conducted by

Emanuela Struffolino  
*University of Milan*

Anette Fasang  
*Humboldt Univ.*

## Topics include:

- *Theoretical foundation of sequence analysis in the social sciences*
- *Compilation of sequences from longitudinal data*
- *Description and visualization of sequences using R*
- *Using sequence output (e.g. distance matrices & measures of complexity) in downstream analysis*

**February 9, 2022**

**9 am-1 pm via Zoom**
