

# DIFFERENCE-IN-DIFFERENCES

A PDHP workshop conducted by

Pedro H. C. Sant'Anna  
*Vanderbilt/Microsoft*

Topics include:

- Deep dive into canonical Difference-in-Differences methods
- Understanding limitations of linear two-way fixed effects regressions
- Allowing for heterogeneous treatment effects when treatment timing varies
- Recent advances in DiD
- Hands-on practice with R and Stata using both real and simulated data

**January 31, 2023**

**9 am-1 pm via Zoom**
